

CARBAJAL IN INSECURE PLACE

Threatened by Zapata; Assures Brazil Minister He Will Work for Mexico's Peace

VILLA-ZAPATA REVOLT IS HINTED BY HUERTISTA

Federals to Be Disarmed—Orzoco Promises Guerilla War—Huerta Arrives

VERA CRUZ, July 18.—Huerta and Blanquet, with their wives and families are expected to leave Puerto Mexico tonight on a British or German cruiser. Their destination is unknown, being variously rumored as Paris or London. Another report is current that they will go to Havana, thence to New York, later to Paris. The latest word from the capital is that all is quiet. Dispatches from Puerto Mexico said Huerta is in jubilant spirits, but looked old and weary. He received correspondents, laughed and joked and invited them to dine with him in New York at "some future time." Later the commander of the German cruiser Dresden announced that the party will probably sail with him tonight for Jamaica, whence they will go to New York.

Carbajal's Difficult Place

WASHINGTON, July 18.—Dispatches from Mexico state that Carbajal's selection as provisional president of Mexico is unsatisfactory to Zapata and other revolutionary leaders in the south. They base their objections on the fact that he was appointed by Huerta. One report is that Carbajal has demanded that Carbajal resign before July 21, with an attack on Mexico City as the alternative. Carbajal's governmental position is more insecure today from financial reasons and unless the situation is relieved it is believed bank troubles are likely.

The Brazilian Minister at Mexico

The Brazilian minister at Mexico City cabled Secretary Bryan that Carbajal has assured the diplomatic corps there that he will do nothing to render the pacification of Mexico difficult, purposing to make his regime merely transitional between Huerta and Carranza.

Villa-Zapata Revolt Predicted

GALVESTON, July 18.—A revolt by Gen. Villa and Zapata against Carranza's government was predicted today by Canuto Dulnes, Mexican consul at Galveston. He declared that Huerta, who is at Puerto Mexico, will go to New York instead of to Europe, traveling via Jamaica and Havana on the German cruiser Dresden instead of the British cruiser Bristol as expected. He professed to have his information from Ex-Foreign Minister Mohene.

Will Disarm Federals

EL PASO, July 18.—Determined not to surrender, despite the fate of the federal government, Gen. Pascual Orozco has escaped from San Luis Potosi with four thousand federal irregulars, it was learned today. Orozco announced his intention of prosecuting a guerrilla warfare as long as his command lasts.

Gen. Carranza, brother of the Constitutional leader, is negotiating today for the surrender of San Luis Potosi.

It is understood the Constitutional leaders here are proceeding with plans to mobilize the rebel troops at Queretaro preparatory to an advance on Mexico City. Orders have been sent to Gen. Obregon to disarm all federals between Guadalajara and the capital. It is not known what sort of a move on the capital the plans include. It is not believed that the entire rebel strength will enter Mexico City unless there are unforeseen developments. No official word was available today.

The one certain plan calls for the complete disarmament of all federals throughout the country as rapidly as possible. It is confidently expected here that all high federal officers will be executed.

7000 CONSTITUTIONALISTS ORDERED TO MEXICO CITY

MONTREY, Mex., July 18.—7000 constitutionalist troops have been ordered toward Mexico City to be ready for police duty in the event of an outbreak.

FRENCHMEN KISS CARPENTIER ON ARRIVAL AT PARIS

PARIS, July 18.—Georges Carpentier arrived from London where he defeated "Gus" Smith on Thursday night. Thousands of Frenchmen welcomed him, forcing aside the extra police, and kissing Carpentier and carrying him on their shoulders. Hundreds of women were in the throng, many of them kissing the fighter.

Shamrock IV on Way to U.S. After America's Cup

SOUTHAMPTON, Eng., July 18.—Sir Thomas Lipton's Shamrock IV, challenger for America's cup, was to have started on its voyage to New York today, conveyed by the tender yacht Erin, but was delayed by the postponement of the Portsmouth naval review until Monday. It will travel by a southerly route, planning to stop at the Azores. Sir Thomas Lipton follows the Shamrock by steamer on August 1.

REGISTER TODAY!

There is only a little more than a week left in which those who wish may register for the primary election. Surely no voter in Santa Ana needs to be told of his obligation in this matter. Each citizen owes it to himself and the government of which he is a part to exercise all the functions of his citizenship. Among the most important of these are the nomination of candidates and their election. In both of these every citizen must participate if he would do his full duty. Registration is the first essential to the performance of this obligation. If you are not on the rolls, register, and do it now.

OIL PIPELINES DECISION FAR REACHING

I. C. C. Notifies Pipeline Companies to File Tariff Fixing Rates for Carrying Oil

REGULATING PIPELINE RATES MAY FIX OIL PRICE

Oil Traffic of the World May Be Affected by the New Order of Things

WASHINGTON, July 18.—The interstate commerce commission, acting under the recent decision by the supreme court, yesterday issued a notice to pipeline companies to file with it tariffs fixing rates and charges for carrying oil.

This notice is the first step by the commission in one of the most important ever undertaken by it. The recent decision of the supreme court sustaining the legislation making oil pipelines common carriers has not attracted much attention thus far because of big matters of more immediate concern that have been pending before the interstate commerce commission. Gradually, however, it is beginning to dawn on officials here that the new field of regulation opened to the commission is of the greatest importance and involves questions that will have a far-reaching effect on the petroleum business of the country. Many officials here believe that present methods of buying and selling will be revolutionized as a result of the recent decision and that real competition will be re-established.

Will Fix the Price

The belief has been expressed here that the commission in regulating the pipe line rates will to a considerable extent exercise a voice in fixing the actual price of petroleum in the United States if not in the world. At present the pipe lines buy the oil to be transported at prices fixed by themselves.

Pipe Lines Great Factor

What the new order of things means is indicated by the fact that in 1912 the United States produced 222,935,044 barrels of crude oil valued at \$164,213,247 and every bit of it went through pipe lines. The geological survey estimates that the production for 1913 reached 250,000,000 barrels valued at more than \$240,000,000.

ROBERTS BEHIND RICHARDSON RACE

Only Aspirant Who Can Give a Business Administration, Says E. D. Roberts

The Sacramento Union publishes the following relative to the candidacy of Friend Wm. Richardson for state treasurer:

"Friend W. Richardson, state printer, definitely announced his candidacy for state treasurer yesterday after returning from Los Angeles and San Bernardino.

"He is the logical candidate," said State Treasurer E. D. Roberts yesterday afternoon in discussing the candidacy of Richardson, "and the only aspirant to the position who can give the office a business administration and conserve the interests of the people of California. I am behind Richardson and will support him in every way.

"I do not want the office. I am head over heels in business affairs and must look after those personal interests. I am anxious to see a man elected who is capable of handling this office. That is why I am behind Richardson. I want Richardson to get the Republican nomination. It is not essential to win, but is a good asset."

BOY IS BITTEN BY VICIOUS DOG

Though Test is Negative, Feared Animals Had the Rabies

HORSE AND MAN SNAPPED BY CANINE

People Having Dogs Between Bolsa and Westminster Should Beware

Considerable uneasiness is felt in a neighborhood between Bolsa and Westminster as the result of the rampages of two dogs that may have been suffering from rabies. While the test made of the brain of one of the dogs gave a negative result, Dr. Black, the Los Angeles rabies expert, has advised that no chances be taken. The test is not completed.

One little boy, aged 3, and one man, "Pat" McDonald, have been bitten. The child is being given the Pasteur treatment.

It was on Thursday of this week that the 3-year-old son of Robert Hazard, who lives between Bolsa and Westminster, became the victim of a vicious dog. The child was playing about the barn when a fox terrier that belonged to Sterling Price, a neighbor, ran into the barn and bit the little fellow twice, once in the face and once on the hand. The dog ran from the place, and in his course he bit several dogs.

The boy was taken immediately to Dr. C. C. Violet's office in Garden Grove, where the wounds were thoroughly cauterized.

Sterling Price could not find his dog until yesterday morning, when the canine was found under the house. Price tried to catch the animal, but the dog got away and went under the barn. Price shot him, and took the body to the office of his brother, Dr. C. E. Price, a veterinary, in Santa Ana. Dr. Price cut off the head and took it to the office of Dr. Brem, state pathologist, in Los Angeles. Dr. Brem made an examination of a section of brain, and last night could not find any rabies germs. He was to continue his tests today, but up to 2 o'clock Dr. Price had received no report.

Dr. Violet consulted Dr. Black, well known as an expert on rabies. Dr. Black stated that the dog might have been suffering from rabies and the test not show it. That the dog was suffering from some communicable disease was indicated when it was learned that he was bitten a short time ago by a dog that was afflicted as he was. This first dog had acted in much the same way. He was very nervous and his head was swollen.

This first dog belonged to Pat McDonald, son of Phil McDonald. Pat, who is about 22 years of age, was bitten by the canine. One of the horses was also snapped by the vicious brute. This dog was on its rampage about a week ago, and at that time Sterling Price's fox terrier was bitten by him.

Since both of these dogs wandered about the neighborhood and both are known to have bitten several other dogs, the entire neighborhood is on the lookout. Any dog that shows the least signs of illness will probably be confined or killed.

Taking the view that it is best to take no chances, Dr. Violet today took the little Hazard boy to Dr. Black's office in Los Angeles and gave the child the first Pasteur treatment. These treatments will be continued for three weeks.

GIRL'S DEATH MAKES A DOUBLE TRAGEDY

SAN FRANCISCO, July 18.—Alice Wells, the dance hall girl, who was shot Wednesday by Harry Austin, a fireman on the cruiser West Virginia, died today. Austin committed suicide after the shooting. The tragedy was caused upon Austin's return here and his finding the girl registered at a hotel as the wife of another man.

CANADIAN PACIFIC IS IN EASY CIRCUMSTANCES

NEW YORK, July 18.—Sir Thomas Shaughnessy, president of the Canadian Pacific Railway Company, says today in a statement wired from Montreal that the company entered the present fiscal year with \$36,000,000 in cash and \$14,000,000 in equipment after having spent upwards of \$30,000,000 on railway and steamship construction in the twelve months ended June 30.

WEATHER JINX IS OFF; YACHTS START

NEWPORT, R. I., July 18.—After five postponements on account of adverse weather the yachts Vanitie, Resolute and De fiance got under way this afternoon in the test race for selecting the America's cup defender. Early in the first leg Vanitie established a slight lead.

Get the Boy a Job

Just as the burning glass centers the rays of the sun on a pine plank till the wood scorches, blackens, smokes, and bursts into flame, so the human will can center the faculties on some desired goal, and relentlessly camp on its trail until the end is achieved. Most men are of average ability, and differ chiefly in their power of concentration. Just as a bull dog will whip a far larger dog, so a man of purely average ability will whip a smart man to death in the competition of life by staying with it till he wins. This power of concentration and persistence is worth cultivating in your boy. If you are allowing him to hang about the streets, to loaf around home, and idle his time away, you are not fostering the spirit that wins. Get him a job. Start him to work. You may not need the wages he will be able to make with his inexperienced hands, but he needs the experience, the training and toughening of his will that a growing lad acquires who has a regular task to perform and schools himself to its performance. There are entirely too many big growing boys and young men who idle their time away. Regardless of who they are or where they came from, if they are to amount to anything in this world, they should be at work. Life is a competition and these lads should be warming up, getting into condition, and preparing to take a definite place in the world if they are to be worthy Americans.

DRY WORKERS WELL PLEASED WITH OUTLOOK FOR A HEAVY DRY VOTE IN THIS COUNTY

Speakers at the Meeting at Huntington Beach Give Forth Encouragement

The all-day meeting of the Dry Federation of Orange county held yesterday at Huntington Beach was an unqualified success, being attended by many persons from all parts of the county. All reports indicated that Orange county will vote heavily in favor of California Dry.

The morning address was delivered by Dr. Wadsworth, State Manager of the California Dry Federation. Dr. Wadsworth occupied about one hour and a half in giving an excellent list of instructions to "dry" workers. In his concluding remarks he was well pleased with the work so far done in this section.

In the afternoon an address was delivered by Rev. C. H. M. Sutherland of Anaheim. His talk was greatly appreciated. He gave particular attention to a comparison of the enthusiasm shown in different parts of Orange county. Another topic upon which he dwelt was that of the laboring people and church people with reference to the liquor traffic. Rev. Sutherland's entire address served to greatly enthrall his audience.

WILSON'S HEALTH GOOD SAYS AXSON

PORTLAND, July 18.—The reports which have been gaining wide circulation during the last few months that President Wilson is in poor health were emphatically denied today by Prof. Axson, the president's brother-in-law. Axson said that he stopped in Washington recently while en route to the coast, finding the president in better health than at any time of his thirty years' acquaintance. He said that the chief executive's health was continuing to grow better.

SOME DEMOCRATS MAY DEFY CAUCUS

Reed of Missouri in Revolt Against Nomination of Jones on Bank Board

WASHINGTON, July 18.—If a Democratic senate caucus to discuss the nomination of Thomas D. Jones of Chicago to the federal reserve board is called, senators opposing the confirmation of Jones because of his connection with the harvest trust will refuse to participate, according to statements today by members of the banking and currency committee who are fighting Jones' appointment.

"It has never been attempted to bind men by caucus in either party to support nominations for office," said Senator Reed of Missouri, who with Hitchcock of Nebraska is leading the anti-Jones fight. "This is a matter of conscience with me. I intend to fight Jones' appointment to the last ditch, caucus or no caucus."

Martine of New Jersey said he agreed with Reed.

HINDUS JOIN IN ARMED MUTINY

352 Immigrants on Komagata Maru Make Prisoner of Ship's Captain

REFUSE TO PERMIT LAND AUTHORITIES TO BOARD

Arms and Ammunition on Ship; Fight May Result; Hindus Being Deported

VANCOUVER, B. C., July 18.—A state of armed mutiny existed today aboard the Japanese vessel Komagata Maru, where 352 rejected Hindu immigrants have been detained for several weeks. Following a mutiny last night, Captain Yamamoto is a prisoner in the Hindus' hands.

Mutineers refused today to permit the police, the harbor authorities and the immigration officials to board the vessel. Another attempt is scheduled to take place later today, and it is feared a fight will result. A quantity of arms and ammunition are aboard the Komagata Maru and the Hindus are said to be ready to resist.

All Hindus here are in a state of unrest on account of the situation. They assembled today in large numbers excitedly discussing affairs with the ship's passengers. The mutiny came last night when the Hindus learned that the captain was preparing to return to the Orient with them.

FEW KICKS ON COUNTY ROLLS

Board of Equalization Will Adjourn at Noon Monday

The Board of Equalization of this county will end its sessions at 12 o'clock next Monday, bringing to an end a sitting of two weeks. The sessions have been rather slow for the reason that kicks on County Assessor Sleeper's rolls were scarce as hen's teeth—almost as scarce, anyhow.

The Standard Oil Company gave the only diversion. That company, from which Sleeper this year collected over \$66,000 in taxes, kicked because Sleeper assessed the great Emory lease at \$32,000 an acre. It wanted the assessment lowered to \$5,000 an acre. Sleeper stood pat, and the supervisors backed him up. After two hearings the supervisors concluded that Sleeper's assessment had been fair, and the petition of the Standard for a reduction was denied.

One change was made in the assessment rolls, that on the petition of A. L. Reed, who showed that he had been assessed \$50 for a building that had been on land at Talbert. Reed showed that the building was moved away before March 1.

AUTO WAS STOLEN, FOUND IN CANYON

Today Sheriff Ruddock located at Peralta an automobile stolen last night from C. E. Salisbury at Huntington Beach. It is thought that it was taken by joy-riders.

THEY WERE MARRIED UP NEAR THE SKY

SEATTLE, July 18.—With Mayor Hiram Gill as best man, John A. Biehn, 21, and Edna Moore, 18, were married today in the tower of the forty-two-story L. C. Smith building, the highest building west of New York. Rev. M. A. Matthews, former moderator of the Presbyterian Church of America, officiated. The couple was selected from thirty-eight applicants by the Seattle Star. Seattle merchants furnished their home, and gave them scores of valuable presents. Biehn is a Northern Pacific railroad train dispatcher.

TORRID WEATHER IN OREGON—PORTLAND SIZZLES

PORTLAND, Ore., July 18.—The torrid weather continued today throughout Oregon. Portland was sizzling before noon with prospects of exceeding yesterday's mark of 94. Medford mercury registered 105 yesterday and several other towns went above 100 degrees.

BOOSTER SPIRIT RULES AT EL MODENA

New Improvement Association
Will Do Much for the
Community

BEAUTIFYING WILL
BE THE SLOGAN

Annual Meeting of the Orange
W. C. T. U. Held Last
Evening

(By Staff Correspondent)
ORANGE, July 18.—The organization of the El Modena Improvement Association was effected last evening at an enthusiastic gathering of residents of that community, held in the school auditorium. A campaign for the betterment of the roads and the streets, together with a general clean up movement and the beautifying of homes and lawns, the planting of trees and flowers and the naming of avenues was launched. The booster spirit was strongly manifested and a great interest was taken in the plans proposed. Directors for the association were elected as follows: George W. Short, Archie Robinson, H. M. Gray, John Fletcher, Clate Stanfield, William Winton, E. D. Wadler, George R. Stoner and J. M. Brubaker.
H. M. Gray called the meeting to order and presided, with George R. Stoner as secretary. Short talks were delivered by Hugh T. Thomson, L. F. Thurston, F. J. Dettenthaler and George R. Stoner, while William Chapman read a summary of a proposed constitution which, on motion, was adopted. In connection with the speaking, the meeting was favored with an address by Mrs. Eddy on the county library proposition. Mrs. Eddy was introduced by Mrs. W. M. Durham and gave an interesting talk.

A number of musical selections were rendered, all of the songs being written by Mrs. B. M. Culter of El Modena. Little Eileen King, a five-year-old native daughter of El Modena, sang a very pretty song, which was followed by a chorus of El Modena boosters with "Three Cheers for El Modena." A recitation by Elwood Paddock and a selection by the ladies' quartet composed of Mrs. J. A. King, Mrs. B. M. Culter, Miss Culter and Miss Lela Culter, followed.

A clever talk was given by William

The military staff of General Carranza, photographs of the members of which have just been obtained, is made up of very young men. The "Jefe Supreme" is old enough to be

the father of any man on his staff. While none of these young men have done enough in the revolution to become world famous, Americans who have come in contact with them

declare them to be able soldiers. How many of them will stick with Carranza in case he comes to an open break with General Pancho Villa, something which is consid-

ered probable in the near future, is not known. Mexican soldiers have a habit of swearing eternal allegiance, which lasts till another soldier-politician comes along and shows a little more strength.

U. S. WILL STUDY THE SUPPLY AND EXPLOITATION OF TIMBER

WASHINGTON, July 18.—The secretary of commerce and the secretary of agriculture have completed plans whereby their two departments will combine in a constructive study of the supply and exploitation of timber in the United States, which has now become one of the big conservation and industrial problems. The study is to be undertaken in the belief that the methods used in exploiting timber resources and the restoration of normal and healthy conditions in the industries which convert timber into usable products, vitally concern the public at large.

One of the conditions which, in the opinion of the secretaries, makes this study of immediate importance, is the fact that the United States, which contains some 3000 billion feet of standing timber, is now reducing its stock of stumpage at the rate of sixty or more billion feet annually. In spite

NEWS BUDGET OF TALBERT

TALBERT, July 18.—That Harry Harper and Harold Swift are alive to tell their story is little short of a miracle. As they were going down the Tehachapi grade, for some reason the brakes did not hold the automobile, which belonged to Harry. Harold jumped and escaped with a sprained leg and a few minor scratches, but Harry was not so fortunate. The machine turned over before he could get clear and he went with it, over and over, several times. They brought him home with four broken ribs and badly bruised and scratched. It will be some time before he will be able to get up again, although he is doing as well as could be expected. The machine was not seriously damaged.

Rev. A. B. Waldrop and family will return from their visit to the East this week and Mr. Waldrop will fill the pulpit here and at Bolsa next Sunday.

Claude Swift has a position in Parsons' store during Harry Harper's absence.

Clare and Vance Wardlow of Corona are visiting their grandparents, Mr. and Mrs. R. B. Wardlow, and Mr. and Mrs. A. F. Swift this week.

Mrs. Stratton of Los Angeles visited her cousin, Mrs. R. B. Wardlow, Wednesday.

Mrs. M. A. Nimocks went to Los Angeles Tuesday for a few days' visit. Miss Lena Bradley was a week-end guest at the home of Mrs. Newton of Tustin.

Geo. Bradley and family, J. Harper and family, Mr. and Mrs. Earl Lamb and Mr. and Mrs. Orton went to San Juan Hot Springs for a day's outing Sunday.

Mrs. Bob McCuiston is still improving. She is able to walk on her foot some now.

Mrs. Sarah Gailand of Santa Ana visited her daughter, Mrs. Bob McCuiston, Tuesday.

Mrs. A. F. Swift has been out every night lately visiting the neighboring towns with the installing team of the Rebecca Lodge of Huntington Beach.

A Lost MS. by Frank Norris---

"The most promising figure in the Literary Quarter Century"

—New York Evening Post

A story whose ms. was lost for more than ten years and survived the San Francisco fire.

Vandover and the Brute

By FRANK NORRIS

Author of "The Pit," "The Octopus," Etc

Richard Burton, Professor of English, University of Minnesota, says: "Vandover and the Brute" only serves to strengthen my often expressed conviction: to-wit, that when Norris died untimely he was the most promising writer of fiction in this land. The use of Zolaesque realism in the cause of righteousness is finely exemplified in Vandover.

G. A. R. VETERANS ARE TO MEET AUG. 11-21

Annual Encampment of Southern California Boys in Blue at Huntington Beach

Rev. Frank M. Dowling, pastor of the Christian Church at Fullerton, has been requested by the Program Committee for the Southern California Veterans' Association to deliver the annual memorial address during the next encampment at Huntington Beach. This reunion of the old soldiers and members of the various auxiliary organizations will be held in August, beginning the 11th and closing on the 21st. Mr. Dowling will speak Sunday evening, August 16.

On the same day at 10 a. m. there will be a memorial roll call, with a service in honor of departed comrades and a sermon by Rev. W. M. Sapp, chaplain.

Camp will open Tuesday, August 11, with a reception at 7 p. m. Some other important features of the program are as follows:

August 12—Flag raising at 9 a. m.; evening campfire; music by drum corps.

August 13—Reunion by states; evening program by Ladies of the G. A. R.

August 14—Meeting ex-prisoners of war; competitive drill by Sons of Veterans; evening program by Rosecrans Camp, S. V.

August 15—Slaughter of pigs by the Penny Club; Children's Day; evening program, Roosevelt Camp, S. V. V.

August 17—Court-martial; prize dance; concert directed by W. E. Herendeen.

August 18—Ladies in charge of camp; bean dinner; evening program, Daughters of Veterans.

August 19—Business session, state organization; camp fire; evening, Santa Ana W. R. C.

August 20—Election of Officers; evening installation; farewell addresses.

August 21—Break camp.

O. C. Knowlton of Fullerton is the presiding officer this year. A. B. Paul of Santa Ana is quartermaster; W. A. Packard of Los Angeles, adjutant; Dr. D. W. Hasson of Buena Park, surgeon.

A large attendance is expected from all parts of California.

DADS' DAY FEATURE OF SEATTLE FEST

Governor and Mayor Led Hundreds of Men in Parade in Tilikum Potlatch

SEATTLE, July 18.—President Wilson, honorary member of the Seattle Dads' Association, sent the following telegram to President Herbert A. Schoenfeld:

"Please express my greetings to all who will join with you in the celebration of Dads' Day. I hope you will all enjoy the occasion."

Poor hard-working, much misunderstood, thoroughly down-trodden and altogether abused "Dad," like the proverbial worm, has turned and 3000 of allied heads of families from every northwestern city have gathered here to celebrate the throwing off of marital shackles for at least twenty-four hours out of the year, and marched in the second annual Dads' Day parade. Hundreds of husbands also marched to make up the "Band of Hope."

After centuries of miserable existence wherein he has occupied an insignificant corner, while "Ma" has been heralded as the cornerstone of the nation and hope of the future, Dad has decided he should have a day. "Dad's Day" was held in connection with the annual Tilikum Potlatch celebration, when the Pacific coast for three days each year joins Seattle in merrymaking.

The protest against dish-washing, floor-scrubbing, cradle-rocking, bread-making and all other domestic woes heaped upon husbands by tyrannical housewives, reached a climax when, headed by Governor Ernest Lister, and with Mayor H. Gill and hundreds of other "Dads" in chains, wheeling perambulators, feeding lusty infants, and performing other stunts, paraded the streets in all their degradation.

The Potlatch will come to a close tonight with dancing in the streets in masquerade costume, amidst a gay riot of confetti and fun.

LISTEN

I have more acreage than I can care for properly, so am going to dispose of some of it. Therefore, if you want to get a good ranch, large or small, and have a little money or a clear house in Santa Ana, come in and talk business with me. This is my property and I will give you the benefit of any reductions in price. No agents recognized and no commissions paid. Following are a few properties:

From one to twenty acres of fine young Valencia's, in any size tract you want. Fine soil, lots of water, good roads and close to town. \$1000 per acre.

Twenty-one acres, 18 acres in walnut trees, interest with apricots, 3 acres vacant. Good crop on the trees. Swell location and good income property. \$25,000. Make your own terms.

2 1/2 acres or 5 acres, on South Main St., just outside city limits, fine soil, paved road, make swell chicken ranch, truck farm, etc. \$600 per acre, one-third cash. Beautiful home, one-half block from West Adams street, in Los Angeles. Modern, close in, swell surroundings, rented at \$50 per month. Will trade for Orange county property. \$12,500.

Famous Players Present "Caprice" With Mary Pickford

The next release on the Famous Players' feature program will be Mrs. Pickford's famous success, "Caprice," with Mary Pickford in the stellar role, whose baptismal characterization in the play is Mercy. The play won commendable success on the stage, and is considered an ideal subject for pictures and a particularly suitable role for Little Mary. Mary is just in her artistic element as the simple, untaught backwoods girl, who falls in love with the society man and marries him, despite his father's protests that she will plunge him into social disgrace, and after a comic attempt at suicide by Mary. Her husband tries to make a society orchid out of the mountain rose, with the inevitable

heartbreak. Mary gets all the humor and pathos, all the sentiment and irony out of her role. She is inimitable as the uncouth, outlandish mountain maid, and perfectly stunning as the trained society woman, when she returns cultured and educated, to the mansion where she had first made her ludicrous entrance into Jack's social world.

Mary Pickford is supported by Owen Moore, who plays the part of her husband (and who therefore renders a natural performance), and Ernest Truex who played opposite Mary as "A Good Little Devil."

"Caprice" will be seen at the Temple Theatre on Monday, Tuesday and Wednesday matinees and evenings.

WESTMINSTER

KEEP SCHOOL WHERE IT IS

Proposal to Move Site Fell Far Short of Necessary Two-Thirds

WESTMINSTER, July 18.—The Westminster School District voted 47 for and 68 against moving the school site from the present location to the plaza square. A school district meeting was held last night, and the question of moving was discussed pro and con. Since the matter has been the all-absorbing topic here for days past, the election was one of considerable moment. Under the law a two-thirds vote was necessary to carry.

The school trustees, Dean Johnston, Chas. Parr and Samuel Thompson, will now proceed with plans to build a new schoolhouse on the old site. It is proposed to secure additional ground. At present there is a little less than two acres. The district has already voted \$15,000 for the new school.

Practical Ranchers from the best sections of Imperial Valley and other rich districts of California are buying in Milford Valley

Perpetual water right—\$70 per share—12 years time to pay for it if you desire.

Because:—

—this type of land under a great gravity irrigation system is not available at even twice the price in any other good farming section of the west.

—because a 100 per cent farming and fruit land offering on the main line of a transcontinental railroad at away-below-market prices is quickly recognized as a mighty attractive investment in these "high cost of land" days.

—because Milford Valley has a rich, red, soft, loamy type of soil—an abundant, never failing water supply—the most healthful climate that the west offers—dependable markets—closely suburban to a modern, rapidly-growing city. And this land is being settled by a highly desirable, prosperous, intelligent class of people.

No matter where you've been located—in California's richest valleys or in the most fertile parts of the middle west or south, the money-making possibilities of Milford land, water and climate will open your eyes. The Milford Valley opportunity is limited—and every single acre will be taken before you realize it. Our little parties of six to ten people go up on our low rate excursions twice a week and almost without a single exception every man purchases after being on the ground only a few hours! And the majority of the buyers

have been well-to-do California ranchers with 20 to 30 years' experience. Arrange now to go and see land at \$30 an acre that should be worth \$200 to \$300 an acre when in alfalfa—that will produce 500 to 600 bushels of potatoes to the acre—the same type of soil that in various parts of Utah today is netting up to \$1,000 an acre in fruit and celery! Go and see why shrewd Californians are buying and locating on this land. The land is sold on a cash basis. Water stock is sold at \$70 per share with the privilege of twelve years' time to pay for it, and experts assert the yearly cost of maintaining this splendid gravity system should not exceed 30 cents per acre. Your crops should pay entire cost of land and water shares in two years. Write or call for illustrated booklet and testimonial letters. Special excursions at low homeseekers' rates.

HUNTINGTON BEACH

METHODISTS WILL DEDICATE CHURCH

Huntington Beach News: An event which will be of much interest to the Methodists of Southern California will be the dedication of the fine new Methodist church at the corner of Eleventh street and Olive avenue, next Sunday (tomorrow).

As previously announced, the address will be delivered by Dr. Charles Edward Locke, pastor of the First Methodist church of Los Angeles, who is considered one of the ablest ministers in this section of the state. The church is very much better than is usually found in towns no larger than Huntington Beach, and reflects much credit upon Pastor W. L. Miller, and those who have assisted him in the construction work.

The dedicatory services will be held at 2:30, Sunday afternoon, and the attendance is expected to be a record breaker. In order to afford seating capacity for all who desire to attend, the principal address will be in the Auditorium.

Program of the Day
All the services at the Auditorium.
7:00—Sunrise prayer meeting.
9:00—Reunion and get-acquainted rally.

10:30—Sermon by Evangelist John E. Brown.

2:00—Song service, led by C. P. Curry.

2:30—Sermon by Rev. Charles Edward Locke, D. D., pastor First Methodist Episcopal church, Los Angeles.

Offering for the new church. Triumphant march to the new church.

Dedicatory services.
7:30—Evangelistic services.

WORK ON CONTRACTS PROGRESSES RAPIDLY

Contractor George C. Pickering reports that work on the various jobs for which he has contracts is rapidly progressing. The repair work on Watfile & West's garage on West Fourth street is well under way, the remodeling of the lively stable having progressed to the roofing which is now being put on. This work will be completed in about three weeks.

The new \$2000 6-room chalet which Pickering is building for J. B. Hawley at 1412 North Bush street is now ready for plastering. The house will be ready for occupancy in about a month. Pickering states that the new residence for Perry Lewis in the Red Hill section is being finished and will be ready in about ten days.

LAWSUITS VERSUS WATER COMMISSION

Nobody has or can get, under our present water laws, a good title to a California water right.

To illustrate: Water rights on the Santa Ana River have been "finally settled" four times by four enormously expensive lawsuits. E. E. Keech is authority for the statement that one of these suits cost the litigants \$30,000. He ought to know, for he was one of the attorneys in the case. A fifth suit is now threatened to settle these water rights all over again. But they can never be really settled by lawsuits as there will always be somebody who can and will throw them all into court again.

Another illustration. In a half-dozen California counties, in which water is essential, there are over one hundred live water suits before the courts. These suits won or lost, always there will be somebody who can and will take the disputed water rights into court again.

Another illustration: The East Side Canal and Irrigation Company, of Merced, has spent \$300,000 in litigating its water rights, and hasn't gotten them settled yet. It never can get them settled under our present water laws—always there will be somebody who can and will take them into court.

Many similar illustrations can be given of the inadequacy of our present laws to give good titles to California water rights.

Other states have substituted water commissions for the California method of attempting to settle water rights by lawsuits.

Oregon's commission, in three years, finally settled over 1000 water rights, without a single appeal to the courts, and at a cost of only \$10 to each claimant. The East Side Canal Company alone has spent, without results, in litigating water rights, over thirty times what it cost to finally settle 1000 Oregon water rights.

Wyoming's commission, in twenty years, finally settled over 15,000 water rights, with only ten appeals to the courts.

How much would it cost and how long would it take to litigate once, without settling, 15,000 California water rights?

Next November, the people of California will vote on a Water Commission law which is modeled upon the Oregon law. If that law is ratified by the people, titles to California water rights will be as quickly, cheaply, finally and satisfactorily settled as water right titles are settled in Oregon and Wyoming. And lawsuits over water rights in California will be, as they are in Oregon and Wyoming, things of the past.

RIVER AND HARBOR "PORK"

The river and harbor bill now pending in the senate will probably provide for a commission, to stop the practice of handing out money in small dribbles of "pork." The idea is that economically sound projects shall be put through promptly, while others shall wait.

There is one river in the state of Louisiana where money has been spent regularly since 1828. The little freight that passed over it for a recent twelve months cost \$93 a ton for maintenance charges only.

When a representative goes to Washington, he feels the eagle eye of his constituents on him, expecting him to do things. But he is almost as unknown to the nation as the tourist who sits in the galleries. He is appointed to some obscure committee, mayhap on the congressional library, or on ventilation of the house. This gives him no chance for action, other than to get a report occasionally buried in the Congressional Record. If he rises to discuss the tariff the others members flee to the cloak-rooms.

But he soon learns that by great activity in working for river and harbor money and public buildings for his district he may obtain a certain spurious and shoddy home prominence.

As the result of his efforts it may cost the government \$5000 a year for interest and care of a public building, where \$1000 in rent would have given all needed accommodations. He may deepen shallow creeks never intended for any more important navigation than the motor boats of the summer boarders. But his activity, and the activity of those like him, not merely are constantly adding to the taxpayers' burdens, but they delay many worthy projects that drag along indefinitely.

When a California Industry Is Attacked, Rally to Rescue!

Other States Which Could Not Raise Sugar Have Combined to Make It Hard for That Industry Which Amounts to Much in This State.

(From the Los Angeles Herald.)

Within a week will begin the annual harvest of sugar-beets in Southern California and the mills will grind out the sweetest product of our gardenland, directing attention to an infant industry which has given great promise and in which we should take much pride.

Beets which grow in the golden sunshine of California have the highest content of saccharine matter of any in the world, and the soil here yields a heavier tonnage per acre.

It is a fact that the beet-sugar industry in this country would not amount to much if it were not for the part that California plays. This state leads all others, and produces about one-fourth of America's beet-sugar.

The whole industry in this country has grown up within a very few years.

When the cane sugar of the West Indies ran short of supplying the world's hunger for sweets, Europe began to extract sugar from beets, and for fifty years or more the Continent has relied chiefly upon that source.

With the exception of the little cane-sugar produced in Louisiana, which was not one-tenth part of what the United States consumed, we depended on importations from Hawaii, the West Indies and the Philippines almost entirely until a few years ago when a strong impulsion was given to the beet-sugar industry.

Michigan did something, Colorado did more, California most of all.

Now the United States produces over six hundred thousand tons annually, though even this constitutes but a minor fraction of what we eat—over 80 pounds per capita per annum.

In the recent revision of the tariff by the Democratic adminis-

tration a combat deepened between those who sought free sugar and those who pleaded for protection to one of our most important infant industries. Compromise was effected by a partial reduction at once, and postponing the full reduction until 1916.

The public knows that it is buying SUGAR CHEAPER THAN EVER BEFORE.

Merchants and manufacturers say that curiously this has NOT led to an INCREASED consumption.

Now the problem which confronts both the farmers who raise the beets and the refiners who convert them into sugar is whether it will be possible to sustain the industry, facing both a lessened demand and a stronger competition with imported cane-sugar.

Once let beet-sugar stocks accumulate unsold, and mills will close, and farmers may as well plow their beets under and sow to other seeds.

Let such catastrophe befall an industry in which so many millions are invested, and which if it could be let alone until the cost of establishment has been defrayed, would be able to sustain itself for all time.

One thing every family may do, and it is a simple help to give—DEMAND BEET SUGAR AT YOUR GROCER'S. So will the market for this home product be supported and the bleeding industry revive.

California beet sugar is pure sugar. Just as California gold is pure gold. It tastes the same, sweetens the same, and is the same, as the most exacting chemical test will prove.

Preference for it is merely suggested to the consumer because he is the one finally to determine whether this ambitious and deserving infant beet-sugar industry shall perish or persist.

WARE RECOMMENDS EFFICIENCY ENGINEERING FOR OUR SCHOOLS

Allison Ware, president of the State Normal School at Chico and candidate for the office of State Superintendent of Public Instruction, addressed the City Club of Los Angeles at its weekly meeting Saturday upon the topic, "The Greatest Need of Our Public Schools."

"After generations of experience we have not yet set up common sense efficiency standards for our public schools. In the purchase of school supplies, the adoption of textbooks, the building of school houses, the teaching of spelling, and in the common essentials of education the different districts and counties of the state are groping about, doing the best they can without standards."

"How many children are out of school," asks Ware, "and why? How many begin and then drop out, and why? Nobody knows. 'Should a school spend 17 cents per annum for each pupil's supplies, or \$2.44? Nobody knows. Should ordinary classrooms be 30 or 45 feet long? Should teachers have classes of 17 or 70? Should we teach 14,000 or 1400 different words in the spelling course? To these and scores of similar A B C questions there are no answers based on facts, and everyone has a different answer based on opinion."

The speaker urged the scientific study of school results. "We have put too much trust in sweet-breathed good intentions," says Ware. "It is high time for businesslike common sense efficiency standards based upon results and a study of cold facts."

ANDREWS TOSSES UP SPONGE IN ELEVENTH

VERNON, Cal., July 18.—In rather a slow battle that was featured by a great amount of clinching, Babe Picato of this city was given a knockout decision over Freddie Andrews of Milwaukee in the eleventh round of a scheduled twenty rounds at the Vernon arena last night.

Andrews was on his feet at the time, but was leaning back against the ropes with his arms crossed before his face, seeking to ward off the blows that Picato was swinging to his face and body. Andrews stood and took his medicine without flinching or trying to run, and after half a minute of this slugging Manager Tom Jones threw a sponge into the ring to save Andrews from a possible knockout and Referee Eytton gave the decision to Picato.

A small house greeted the boxers.

CITY TALKLETS

"You know, in a way, Orange county is somewhat unfortunate," said Walter Vandermast, of the clothing firm of Vandermast & Son, today, "for this reason: The county is so prosperous and there are so many resources back of it, that the people who live here get careless about boosting. They are inclined to let boosting 'slide' here and leave it to the less fortunate 'sand dune' counties, and as a result, the sand counties oftentimes get more publicity and go ahead faster than Orange county."

"As far as business conditions are concerned here, I really do not see how they could be any better. With the exception of March every month so far this year has shown a big gain over our business of last year. In June our sales amounted to over \$1000 above the same month in 1913."

"All this talk about 'Gavvy' Cravat being the 'original iceberg' when it comes to coolness in big ball games amuses me," said Victor Walker, of the sporting goods firm of Hill & Walker, today. "As far as Gavvy's being cool is concerned it is true that he does not give any outward appearance of worrying. But the fact is that he worries as much as any player who ever wielded a club. He has never had a slump that was not caused by worrying. He looks cool when he plays in games but the truth is that mentally he is on pins and needles."

DOUBLE BIRTHDAY EVENT

Two Little Girls Honorees of Juvenile Celebration at H. W. Shepherd Home

Seventeen little folks were entertained at the home of Mr. and Mrs. H. W. Shepherd Friday afternoon, the occasion being the birthday of their daughter, Cynthia Moore, and her cousin, Dorothy King, a fair little visitor from Kentucky.

The patio, most inviting with greenery and flowers, was a pretty setting for the long birthday table. There were streamers of pink and gay Japanese lanterns shed a pretty light upon the two white birthday cakes, bearing nine and ten candles, respectively. A tiny birthday cake marked each plate, and pink and white ices and bonbons were served. After a merry round of games the little folks departed, wishing their hostesses many, many happy years to follow. Those enjoying the afternoon were Misses Marjory Atwood, Alice Mather, Erene Smith, Lucy McDermott, Ruth Stephenson, Elena Mercereau, Alice Strong, Carrie Wood, Emogene Jameson, Mary King, Roselyn Wagers, Dorothy Fine, Frances and Cynthia Shepherd, Masters John King, Hume West and Masters John Strong.

W. R. C. Meeting
The regular meeting of Sedgwick W. R. C. was held in G. A. R. hall on Thursday. The attendance was somewhat less than usual on account of the busy times at this season of the year. The relief committee reported several cases of illness among the members. Also that some of the Veterans are in poor health.

The chairman of the committee in charge of the tea held last Friday reported net proceeds of \$8.75, which goes to help fatten the "pig" for the bean dinner next month at Huntington Beach where the Annual Southern District Encampment of the G. A. R. will be held.

At Thursday's meeting, the members were honored by a visit from Mrs. John of Stanton Corps of Los Angeles. Her presence was enjoyed. One application for membership was received on Thursday.

The members of the corps accepted an invitation from Mrs. Schlesinger for themselves and the comrades to attend the play, "Caprice," at the Temple Theater on next Tuesday afternoon. They will meet at G. A. R. hall at 2 o'clock and go from there in a body to the theater.

Nelson-Rice
At the residence of the bride's parents, Mr. and Mrs. George H. Rice, 837 Ross street, Thursday afternoon, July 16, at 1:30 o'clock, Mr. LeRoy S. Nelson of Los Angeles and Miss Florence R. Rice were united in marriage by Rev. C. H. De Wolfe.

Only the near relatives of the contracting parties were present, because of the illness of the bride's father. The bride was attended by her sister, Verna.

Mr. Nelson is an employee of the Southern Pacific railway. The bride and groom will reside in Los Angeles.

That Iowa Picnic
August 8 comes on a Saturday this year and not on Sunday as was erroneously reported in the Register's "Pink" last Thursday when the Iowa picnic, to be held at Bixby Park in Long Beach, was announced. So the many hundred Hawkeyes who will attend the picnic from Santa Ana and Orange county will do well to remember that the date is Saturday, August 8. It is announced that former Governor, and later Secretary of the Treasury Leslie M. Shaw has been invited to deliver one of the addresses.

"I'M FEELING FINE"

They ain't no use kickin', friend, if things don't come your way; It does no good to holler 'round, an' grumble night an' day. The thing to do 's to curb yer grief, cut out your little whine, An' when they ask you how you are, jest say: "I'm feelin' fine."

Yer heart may be jest bustin' with some real or fancied woe, But if you smile, the other folks ain't very apt to know. The old world laughs at heart-aches, friend, be they your own or mine; So when they ask you how you are, jest say: "I'm feelin' fine."

Enjoyable Afternoon

Emma Sansom Chapter had one of the most enjoyable meetings of the year yesterday afternoon at the home of Miss Lenda Paul, 702 Spurgeon street. Mrs. Purdon, president, had charge of a short business meeting, hearing the reports of committees on work done. Four new members, Mrs. Harris Hultquist, a daughter of the late Col. Harris; Miss Minnie Terrell; Mrs. Laura Murray, daughter of the late Dr. Lacy; Mrs. Eva Price, daughter of Mr. Briddford of Santa Ana, were cordially received into the chapter.

Those present were entertained by instrumental numbers on the piano by Miss Ruth Violet of Garden Grove, and several sweet vocal numbers by Miss Louise Montgomery. Miss Ruth has a touch and Miss Louise a voice that continually give pleasure to those who hear them in musical numbers. Miss Paul as hostess was unexcelled, making every one feel at ease and acquainted. Mrs. Mayfield and Mrs. Montgomery delighted as well as instructed with readings. Miss Calvert, a cousin of the hostess, coming from Nashville, and Miss Howell, a house guest, were charming guests of the chapter.

Delicious pineapple ice and cake were served near the close of the meeting to which a delightful close was given by Miss Butler, who, arriving late, rendered a most pleasing song.

Visitor Here Handling Big Deal

Mr. and Mrs. L. J. McCormac of Oakland, who have been spending several days with the former's uncle, J. W. McCormac, of the Orange County Business College, returned to Los Angeles last night, where Mr. McCormac has been negotiating some real estate deals. He is placing on the market a large tract of business and industrial property on the water front at Richmond harbor where the government and city are spending three million dollars in harbor improvements. This harbor, when the dredging is completed will take the largest vessels on the Pacific waters and be the deepest of any harbor in the San Francisco bay.

At O. C. Business College
Orange County Business College has lately filled several important positions. Mr. O. A. Lewis, formerly a teacher in the Olive schools, was placed as bookkeeper and stenotypist in the office of the Union Mercantile Company of Orange.

Misses Jussie Rosemann and Elsie McWilliams were placed with the Santa Ana Co-Operative Sugar Company.

Miss Esther Fluor was sent to the Chamber of Commerce office. Miss Hertha Ehlén secured a position with H. J. Forsy.

Miss Mabel Green of Phoenix enrolled in the college this week.

Mr. J. Leighton Bascom of Orange enrolled for the combination course.

Celebrated Birthday

Miss Mildred Smith reached her 13th birthday yesterday and was given a pleasant party at the home of her mother, Mrs. Charles E. Smith, 1615 Hickey street. Merry games were played on the lawn and later the young people were invited to a feast of ice cream, dainty sandwiches and delicious cake. The table was centered with a basket of pink roses and ferns. Many pretty and useful gifts were presented to Miss Mildred.

Those enjoying the afternoon were Misses Ruth Boyd, Marian Seudder, Fay and Emma Titus, Helen Hoffman, Jessie Johnson; William Tidball, Paul Smith; Mrs. Foster and her sister, Miss Dierhaus of Raymond, California.

STUDENTS ORGANIZE

Santa Ana Occidentals Form College Association With Much Enthusiasm

For a number of years many students have gone to Occidental College from Santa Ana, and year by year the number has increased until at the present time there are a great many Santa Ana Occidentals. At a party given in honor of the Occidental girls at the home of Miss Mildred Taylor night before last a Santa Ana Occidental Association was formed, having the honor of being the first one of its kind ever organized. The following officers were elected: President, Charles Tidball; secretary, Florence Flippen; treasurer, Robert McGee.

The purpose of the organization is to link Santa Ana Occidental people together, and those are eligible for membership who live in Santa Ana and who have ever attended Occidental College. The formation of this association was accompanied with a great deal of enthusiasm, and real success in accomplishing its purpose is predicted for it.

Pretty Birthday Party

Mrs. V. W. Gill gave a delightful afternoon at her home, 1226 Valencia, on Friday in honor of the seventh birthday anniversary of her little daughter Billie. The time was spent in playing games on the lawn, having pictures taken and in other ways, after which refreshments were served. The birthday cake with seven candles and another one with Miss Billie's name on it were features of the occasion. Miss Nellie Littlefield of Yuma, and Miss Norma Brock, sister of Mrs. Gill, assisted in the entertainment of the little folks.

The guests present were Ruth, William, Charles and George Winters, George Preble, Marguerite Lentz, Velda Frazier, Marie and James Mendlin, of Santa Ana; Norris, Kenneth, and Dorothy Gile, Vivian and Varian Wiatt of Orange, and Irene and Irwin Littlefield of Hemet. Miss Billie was the recipient of many pretty gifts in honor of the occasion.

Classmates at Party

Caroline Dunnahan celebrated her eleventh birthday yesterday afternoon at her parental home, 1515 North Main street, by entertaining half a dozen of her classmates. Her mother, Mrs. E. T. Dunnahan, assisted the boys and girls in having a good time. The merry games played culminated in an exciting peanut hunt with Anita Cox winning a pretty package of assorted beads.

A birthday feast was spread on a table on which the birthday cake occupied the place of honor. From each of the candles on the cake pink and white ribbons extended to each plate where cunning toy lambs organ and pretty souvenirs. Little booklets bearing the names of the guests were at each cover. Ice cream, cake and candy made a delicious menu. Miss Caroline was the recipient of pretty gifts many of them coming from relatives in the East.

North Side Club Entertains

The North Side Club last night entertained their husbands with a splendid supper held at the home of Mr. and Mrs. Walter Eden, 1907 North Main street. The tables were decorated with pink roses, carnations and ferns, while at each place were placed bouquets of pink carnations and fern. The lights glowed softly through pink shades.

At intervals on the tables were tiny dolls, dressed as Mother Goose characters, Old King Cole on his throne, Boy Blue, Boopie with her sheep, Robin Hood, Old Woman on her broom and many others. Partners for supper were chosen by Mother Goose rhymes, written on slips of paper and cut in two. Much merriment was caused by the efforts of the gentlemen to refresh their memories of Mother Goose.

The supper was served on long tables by several charming young ladies. They were Misses Gladys Heegler, Dolly Hart, Anna Trythall and Margery Gallup. After supper old-fashioned game were played till a late hour, everyone enjoying the pastimes heartily.

The club members and their husbands.

EVEN NEWSPAPER MEN LIKE THEIR NAMES IN PAPER

C. T. Johnson, foreman of the composing room of the Santa Ana Register, and Charles Claytor, who has charge of the Linotype machines in the same office, called at the News office Friday afternoon. Mr. Johnson has been with the Register ever since the paper started, and Mr. Claytor has been on the job about seven years, which is the best of evidence that these men are top notchers in their respective lines.—Huntington Beach News.

Editor Baumgartner of the Santa Ana Register brought his seven-passenger car filled with enthusiastic boosters to the Fourth of July celebration. They spent several hours on the exposition grounds. A quarter of a century ago Mr. Baumgartner was a cub reporter here.—San Diego Tribune.

PERSONALS

Miss Kate Richards and her niece, Miss Zelma Sturgeon, the latter being social editor of the Daily Evening Blade, left this afternoon for a week's stay at Long Beach.

Mrs. George Cole and little son are both ill at their home on the corner of Bush and Ninth streets. Mr. Cole came down from Riverside yesterday to be with them.

Rev. and Mrs. J. S. F. Wood, Wayland Wood and Miss Mary Balsom spent yesterday at Newport Beach, making the trip to the seaside via motor.

Miss Nellie Littlefield, one of the efficient teachers of the Yuma city schools, is spending a few days with the Haynes family at the Detention Home. She in company with Miss Irene and Master Irvin will go to Balboa the first of the week for a month's outing.

Miss Norma Brock left today for Riverside to spend her ten days vacation with former school friends, after which she will complete her stenotype course at the Orange County Business College.

Dr. and Mrs. J. F. Doyle and daughter of Santa Ana, were Sunday guests at the home of Mr. and Mrs. H. E. Crandall, at Wintersburg.

Mrs. Valentine Dubois of Broadway and West Eighteenth street, who was stricken with paralysis the first of the week, shows little improvement. Her friends hope for a favorable change.

Mr. and Mrs. L. Lewis and J. T. Lewis of Santa Ana, spent Sunday at the home of Mr. and Mrs. Wilfred Lewis at Wintersburg.

Mrs. Percy Pennybacker, New Chief of Federation of Women's Clubs

Mrs. Percy V. Pennybacker has been re-elected president of the General Federation of Women's Clubs of the United States. She was born in Virginia in 1861, so she is now 53 years of age. Her home is in Austin, Texas. For several years she was a school teacher. She was married in 1884. Ten years later she was chosen president of the State Federation of Women's Clubs, in Texas, and became president of the General Federation in 1912. This year she was re-elected without opposition.

Eases Torment of Asthma and Hay Fever

For the discomfort and misery of asthma and hay fever use Foley's Honey and Tar Compound. It puts a healing, soothing coating over the swollen, tickling membranes, and eases the thick and choking sensation. Helps you to breathe easily and naturally. Mrs. Agatha Longacker, Fond du Lac, Wis., says: "My left lung was greatly affected by a severe cold, and one-half bottle of Foley's Honey and Tar cured me." Refuse any substitute offered. GARDEN GROVE MAN LAYS WATER MAINS

Garden Grove News: R. W. Elliott is doing two men's work in getting the new water system in shape. On Wednesday the mains were laid from McLean's corner to the Y. M. C. A. building. This work was rushed to make ready for the grading for the pavement. From the bank corner to the tank at least a six-inch main will be laid and it is possible that an eight-inch line will go down. From the bank corner to Woodruff's mains will go down right away.

The work is going ahead now from all indications and all the matters of the company are being brought into shape.

400 WARSHIPS REVIEWED BY KING

Mightiest Fleet Ever Gathered
In British Waters in Spit-
head Parade

PORTSMOUTH, Eng., July 18.—The mightiest war fleet ever assembled in British waters was reviewed today at Spithead by King George. Four hundred warships of the First, Second and Third Fleets, including twenty-five great dreadnoughts and between sixty and seventy submarines, were drawn up in long lines stretching into the Solent, and presented a magnificent spectacle as the royal yacht Alexandra steamed slowly through the squadrons.

The King, who was accompanied by Queen Mary and the Prince of Wales, was received with full naval honors on arriving here from London, and immediately boarded the royal yacht. The hoisting of the royal standard was the signal for a 101-gun royal salute, led by Nelson's historic flagship Victory, whose wooden hull looked ridiculous amid the modern ironclads. All the ships were dressed in rainbow fashion and as the Alexandra passed along the lines the crews manned the bulwarks and gave three ringing cheers. During the inspection, which lasted nearly two hours, the ships saluted by squadrons and the boom of guns seemed incessant. The royal party returns to London tonight.

CAMPAIGN OPENS FOR MORAL REFORM IN LOS ANGELES

LOS ANGELES, July 18.—A determined crusade against the immoral and vicious element which has been frequenting the city's public parks at night is being conducted by Chief Sebastian. Additional plain clothes men have been assigned to the various parks to secure evidence and arrest those who violated the laws. In order to carry on the work of cleansing the parks of all undesirable persons and suppressing vice throughout the community, Chief Sebastian will ask the council for a substantial appropriation for secret service investigations and additional men to carry on this work.

FOR THE WORKER IN SOIL

WASHINGTON, July 18.—From the United States government for the next fiscal year each state will receive \$10,000,000 for agricultural extension work.

Such a schedule has just been worked out by the United States Department of Agriculture.

This fund is made available by the Smith-Lever bill providing for co-operative agricultural extension work between the states and the Department of Agriculture.

"The act makes available for the next nine fiscal years," says the department, "an aggregate sum of \$23,120,000 of federal funds to be expended in instruction and practical demonstrations in agricultural and home economics. To obtain this total the state must appropriate for like purposes a total of \$18,800,000, making a grand total of \$41,920,000 to be expended during the next nine years on direct agricultural extension work.

Thereafter the federal government is to appropriate \$4,500,000 annually, and the states to take their full quota, must appropriate \$4,100,000 annually, making a total annual expenditure for this purpose of \$8,600,000."

Next year each state will receive a substantial increase in the sum averaging from \$21,039 in California to \$36,202 in Illinois and \$46,893 in Pennsylvania—the increases being based on the rural population of each state.

The United States Department of Agriculture is today engaged in sending individual official notices to 58,000 manufacturers that after May 1, 1915, the "Guaranteed Under the Pure Food and Drugs Act" label will be unnecessary.

This action follows a ruling by the secretaries of the treasury, agriculture and commerce that the people are deceived by believing that that stamp is the government's guarantee of the purity of the article. Such a stamp means, simply that the manufacturer will protect his dealer if any charges are made that the goods are misrepresented. Next year the stamp will be required only upon the bill of sale.

Agricultural experts have discovered an insect that has sixty kinds of enemies who want to eat it up!—and the department wants to protect the "enemits."

Most of these devourers are birds.

MADAME CAILLAUX TRIED ON MONDAY ON MURDER CHARGE

PARIS, July 18.—Madame Joseph Caillaux, wife of the former premier and minister of finance, will go on trial for her life here Monday in the Court of Assizes, charged with the murder of Gaston Calmette, editor of "Le Figaro."

Mme. Caillaux's defense, it is said, will amount practically to a plea of "brain storm," that she "acted in a moment of folly."

Scores of witnesses have been subpoenaed, including former prime ministers, cabinet officials, senators, deputies, judges, lawyers, princesses and social leaders, while the president of the republic, Raymond Poincare, will testify through a deposition. The public practically will be barred, since the room is small and a small army of lawyers, officials, newspaper correspondents and the like have asked admission.

Beginning August 1, this year the United States Department of Agriculture will declare a quarantine against Maine potatoes because of the prevalence of a powdery scale on the seed potatoes of that state.

The Department of Agriculture announced recently that the trophy offered by the Louisville, Kentucky, business men for the team of ten boys in any Southern state who could show the best records in corn growing has been awarded to the Alabama corn club. The boys in that state had the best records at the recent Conference for Education in the South.

moment of folly." This plea, it is understood, will be reinforced by a denial that Mrs. Caillaux was directly responsible for Calmette's death, the charge being made that the surgeons attending Calmette after the shooting might have saved his life easily had they operated in time. A third string to the defense's bow will be in the nature of a justification plea, editor Calmette's attacks being of an alleged personal nature and exceedingly violent in tone, calculated to destroy what to the Caillaux couple was more precious than life—the good standing of the wife.

DOVER, Eng., July 18.—An ancient and picturesque ceremony was revived here today when Earl Beauchamp was formally installed Lord Warden of the Cinque Ports. The "cinque" ports—Dover, Hastings, Hythe, Romney and Sandwich—were increased centuries ago to seven by the addition of Rye and Winchelsea, but the same old name was retained. The office of Lord Warden was formerly one of the highest under the crown, as the holder was responsible for the defense and safety of the south coast of England, but from the Stuart period its importance has declined, until now it is merely a sinecure for favored noblemen of high rank.

"FORCE" AND FRUIT

The Finest Breakfast
In the World Today

A dish of crisp, nut-like "FORCE" flakes, with luscious strawberries, a little powdered sugar and cream. After such a breakfast you forget that you have a stomach.

For a change, slice a banana into a dish of "FORCE" and cream. Some squeeze the juice of an orange on the "FORCE," and dispense with the cream. Either way, it is delicious.

"FORCE" is one of the few really nourishing foods that one will not tire of. Children and grown-ups alike almost invariably call for the second helping, and eat it with increasing relish day after day.

"FORCE" is better than meat, especially in warm weather. And it is more nourishing, because it contains all the elements that are required to build and sustain the human body.

Made of whole wheat, scientifically cooked and blended with barley malt; then rolled, toasted and flaked—that's "FORCE," and it's fine. If you haven't yet tried "FORCE," you have a treat awaiting you.

Ask your grocer how much "FORCE" he sells as against all other brands of Breakfast Foods.—Advertisement.

Los Angeles Produce Market

Bartlett pears are one of the features of the fruit market this summer, and they are beginning to arrive in car lots, largely from orchards that are just coming into bearing south of the Tehachapi. The opening price for the fruit has been dropped, but not very much. Bartlett pears are expected to be cheaper this year than they have been for many, owing to the fact that very little drying of the fruit will be done. According to packers, people have not taken very strongly to the dried pear, despite its excellent flavor and superiority to the canned fruit of the same kind. Antelope Valley is shipping some of the fruit arriving. The mountain district back of Redlands is also becoming a factor. All of the fruit coming now is pretty green, but a few days of warm weather off the tree creates ripeness.

In other dried fruits there is some little uneasiness, particularly in apples, of which it is too early to say much. Peaches, particularly the lower grades, are being dried in sales, and these are light. Drying of peaches is going on around Los Angeles and it is only a matter of days before new stock will appear on the market. There are few holdings of spot prunes, but the feeling is easy despite this owing to the new crop, which is going to be heavier than anticipated and expected to decrease prices to some extent.

NOTICE OF SALE OF REAL ESTATE

In the Superior Court of the State of California, in and for the County of Orange.

In the matter of the Estate of Ed. West, Deceased.

Notice is hereby given that in pursuance of an order of the Superior Court of the County of Orange, State of California, made on the 12th day of June, 1914, in the matter of the estate of Ed. West, deceased, the undersigned, administrator of the estate of Ed. West, deceased, will, at private sale, in one parcel, to the highest bidder, on the terms and conditions hereinafter mentioned, subject to confirmation by said Superior Court, on the 22nd day of July, 1914, sell all of the right, title, interest and estate of said estate of Ed. West, deceased, in and to all of the real property hereinafter described; and all of the right, title and interest that the said estate by operation of law or otherwise, acquired other than or in addition to that of the said deceased, at the time of his death, in and to that, central lot, piece or parcel of land, lying and being in the County of Orange, State of California, and more particularly described as follows:—

Lot Eleven (11), Block Nine (9), Balboa Tract, as per map recorded in Book 4, Page 11, Miscellaneous Maps, Record of the County of Orange, State of California. The terms and conditions of said sale are: Cash, lawful money of the United States of America, ten per cent. of the purchase money to be paid at the time of sale, balance on confirmation of said deed and abstract at the expense of the purchaser; the purchaser to assume the payment of all liens and taxes upon the property purchased by him and all assessments of whatsoever name or nature which are now or may be hereafter chargeable to or lien against the said purchased property. All bids offered must be in writing and may be left at the office of Edward F. Wehrle, Register-Administrator, being in the Stimson Bldg., City of Los Angeles, State of California, or may be filed in the office of the clerk of this court at any time after the first publication of this notice and before the making of the said sale.

Dated this 8th day of July, 1914.
EDWARD F. WEHRLE,
Administrator of the Estate of Ed. West, Deceased.

NOTICE TO VOTERS

The Great Register of Orange County for the year 1914, as well as every other county in the State of California, is now being compiled. All voters who expect to participate in the general election to be held in November, 1914, and in the primary election to be held in August, 1914, must register. Registration closes for the primary election on July 25, 1914 for the general state election on October 3, 1914.

AT THE COURT HOUSE

FOR INJURIES ON RAILROAD ASKS \$50,000

Woman Who Was Hurt While
on Way Here Plaintiff
in Suit

Today an action for \$50,000 damages was brought by Mrs. Henrietta A. Cooper against the Chicago, Rock Island & Gulf Railway Company. The complaint, filed with the county clerk by Attorneys Scarborough & Forgy, states that Mrs. Cooper was injured near Turon, Kan., while she was on the way to California.

According to the allegations of the plaintiff, Mrs. Cooper was sitting in a seat of a passenger train when the train gave a violent lurch, and she was thrown from her seat. Her hip was injured and the ligaments of one foot torn so that Mrs. Cooper is crippled for life.

She lives on East Seventeenth street in the Tustin section, where she has two sons.

Must Avoid Liquor

D. Malindez, who got into trouble through drink, must leave liquor alone for two years if he wants to keep out of San Quentin. He was charged with entering the house of Mary G. Blackburn at Newport Beach with intent to burglarize it. Malindez's story was that he was intoxicated and wandered into the house without intention of stealing anything. Judge West put him on probation, with strict orders that if Malindez drinks liquor or gambles he shall be sent to prison.

Three Months

Vicente Gonzales pleaded guilty to assault upon W. A. Nelson, a Delhi rancher, and was sentenced to the county jail for three months. Nelson objected to men crossing his field, and

Not Satisfied

Judge West was not satisfied with the proof offered yesterday in the application of Maude M. Spurlin for divorce from De Kalb Spurlin, and he continued the hearing to July 31. The woman alleged cruelty in that her husband used violent language toward her. F. D. McClure of Los Angeles is attorney for the plaintiff. Spurlin did not appear.

Set for Trial

The trial of R. Ontiveras, charged with a murder at Dyer, was set for Sept. 21, and the trial of his brother, Jose, also charged with murder, for Sept. 23.

The trial of the action of Jerome Bros. against the Massachusetts Bonding Company for \$2,000 was set for July 30. The plaintiffs seek to recover from the insurance company for a judgment entered in favor of Sid Smithwick, whose leg was broken by the kick of a mule while Smithwick was at work for Jerome Bros. at Myford.

Asking Support

The Board of Supervisors has received a petition signed by residents of Yorba asking that the county give help to Mrs. Pilar Huarte and her seven children.

An abstract of judgment for \$97.95 entered in favor of J. F. Haasis against Fred Hallett in Long Beach township has been placed on record here.

\$3,000,000 WORTH OF PRIME MELONS

California Will Furnish the
United States With Fine
Breakfast Food

Los Angeles Examiner: Think of \$3,000,000 in melons—mostly cantaloupes!

That is California's 1914 contribution to the breakfast tables of the United States.

The Imperial Valley alone will furnish approximately 5000 carloads of these, of which 4500 carloads will be cantaloupes. This year's crop out of the Imperial Valley will exceed last year's crop by about 1300 cars. It will return to the growers between \$1,750,000 and \$2,000,000. It is estimated that the remainder of the state will furnish another million in melons.

The melon millions aid in the prosperity of Southern California in particular and the whole state in general.

IS COMPLETING THE DOUBLE TRACK

Rails Are Laid and Men at
Work Getting Road Into
Shape

Rails have been laid for the completion of the double track of the Pacific Electric between Buaro and Stanton, and there is every indication that the new track will be in use by the middle of August. At present about seventy-five men are at work in three gangs getting the road into shape. Yellow granite material has been used on the bed the entire distance of the new track.

When the Los Angeles-Santa Ana line was built ten years ago a double track was laid the entire distance except between Stanton and Santa Ana. The Santa Ana authorities frequently demanded that the P. E. finish the double tracking, and because it was not done considerable friction arose. About two years ago the double track was built between Santa Ana and Buaro, and a single track was used between Buaro and Stanton.

It is believed here that the completion of the double track will better the service on the Santa Ana line.

In some places the grade of the new track is higher than the old, and it is understood that the old track is to be raised to a level of the new.

SENATE AUTHORIZES HOTEL AT YOSEMITE

WASHINGTON, July 18.—A bill authorizing the construction of a hotel in Yosemite Park was passed by the Senate Thursday. Senator Works, who pushed the bill through, said that modern hotel facilities were desired for the park in preparation for the rush of tourists next year during the exposition.

CHINA TO ASK POWERS FOR \$100,000,000 LOAN

LONDON, July 18.—A Pekin dispatch to the Daily Telegraph says China will ask the five power group of bankers to initiate negotiations for a loan of \$100,000,000. One-half of this is to be used for currency reform. The government will also ask for some cash advance on the loan.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat if You Feel
Backache or Have Bladder
Trouble

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys; they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

THREE COLLEGE ATHLETES IN EVANGELISTIC WORK

MADISON, Wis., July 18.—Three of the university's star athletes have temporarily turned evangelists. A deputation team consisting of "Tubby" Keeler, all-American guard; Walter D. Powell, football center, and J. F. Macolka, diamond artist, together with Lester Rogers, president of the Y. M. C. A., and Elmer Boyd spent Saturday and Sunday at Pardeeville talking to high school boys on the meaning of college and the necessity of leading clean Christian lives.

GOV. GLICK STATUE UNVEILED IN CAPITAL

WASHINGTON, July 18.—A heroic marble statue to former Governor George Washington Glick of Kansas was unveiled in Statuary Hall here today. While a delegation of Kansans and scores of tourists listened the first and only Democratic governor of that state before the present administration was eulogized. Senator Thompson, Representative Campbell and several other members of the Kansas delegation in Congress spoke.

MOTORSHIP LINE FROM SCANDINAVIA TO LOS ANGELES

LOS ANGELES, July 18.—Inaugurating a new service between Norway, Sweden and Pacific coast ports via London and Liverpool, the Swedish motorship Kronprinz Gustav Adolf has sailed from Gothenburg, Sweden, for Los Angeles, San Diego and San Francisco.

The Adolf is owned by the Johnson Line of Norway and is the first of a line of motorships which that company will operate to the Pacific, first through Magellan and then through the Panama canal when the latter is opened for traffic.

The Adolf will call at Hull, Liverpool and London before steaming for Los Angeles, where she is due about August 2. It is reported a thirty-day service will be established by the funnelless freighters following the canal opening.

DR. MORRIS TURK IS TO GO TO TURKEY ON SPECIAL MISSION

A signal honor has come to Dr. Morris H. Turk, junior pastor of the First Congregational church, says the Los Angeles Times. Dr. Turk has been appointed by the American board to go on a special deputation to Turkey to assist in reorganizing, re-adjusting, and systematizing the evangelical and educational work carried on there by this association, which is the oldest missionary society in this country.

Occasionally the American board sends out special deputations to foreign fields, and the one to which Dr. Turk has been assigned covers the entire mission field of Turkey and the Balkan states, from Durazzo on the Albanian coast, to the Persian border on the east, and from Constantinople on the north, to Syria on the south. The deputation consists of three picked men of the Congregational church, of which Dr. Turk is one, and Dr. James L. Barton of Boston, foreign secretary of the American board, and W. W. Peet, treasurer of the American board missionary work in Turkey, with headquarters in Constantinople, are the others.

CHICAGO BUTLER AND EGG BOARD UNDER INJUNCTION

CHICAGO, July 18.—An injunction restraining the Chicago Butter and Egg Board from publishing prices was granted by Federal Judge Landis yesterday on application made by the government last winter.

The government contended that by publishing prices on the commodities the butter and egg board artificially created prices higher than the market warranted and violated the Federal law prohibiting all acts in restraint of trade.

APRICOT CAMPS ARE BEING STRUCK

Pitting Season Closes From
Two to Three Weeks Earlier
Than Usual

OUTPUT MAY NOT BE LARGE AS ESTIMATED

San Joaquin Camp, One of
Largest in World, Finished
Pitting Yesterday

Work of pitting apricots at the various camps throughout Orange county was practically completed today, the season this year being from two to three weeks earlier than for many years past. In several sections of the county where the fruit ripened especially early pitting operations ceased the latter part of last week. All that remains to be done now at the camps is to scrape the drying trays as quickly as the fruit is dried and then to strike camp and put the drying apparatus away until next season. It is reported that the output this season will not be as heavy as was at first estimated, the fruit in many sections being too small to pay for harvesting it.

In several localities where there are big apricot orchards it is certain that much fruit went to waste owing to the fact that growers were unable to secure sufficient help to harvest the fruit," said Dr. J. G. Bernicke, of the Orange County Fruit Association, today. "The 'cots came with a rush when they once started ripening and this caught many of the camps short-handed."

It is very difficult for the various packers to arrive at anything like a definite estimate of what the apricot output from Orange county will be this season. Those who are prepared to make any guesses at all place the number of tons between 1200 and 1500. However, it will be at least two weeks before the exact tonnage from Orange county will be known. Hundreds of small lots will come into the different packing houses and these will help to swell the total number of tons.

Pitting at the camp of the San Joaquin Fruit Company southeast of Santa Ana was completed yesterday morning. It is said that this camp was one of the largest, if not the largest, pitting camp in the world. During the height of the season there were more than 200 people employed at the camp. Between 170 and 180 pitters were at work and fifty-two men, the latter taking care of the work of handling the fruit, picking, supplying the pitters with fruit and working in the drying yards. There were eighty-one tents at the San Joaquin Fruit Company's camp. A large number of the pitters came down from Los Angeles to engage in the work.
